CONTEMPLATION

Remember that in body thine a God is dwelling there;
Thy Temple from pollution free let is forever be.
Offend thou not thy God in thee, indulging in man's lusts;
Moreover if tormenting self thou groanest foolishly.
God has descended just to see the world with eyes thine,
Then breathe on Him with senses pure, the Breath of Sacrifice.
It's He in thee, that sees, feels, thinks, and speaks by day and night.
Be thus in all thou dost see, feel, think, speak—divinely bright.

We all admire a man who says what he thinks—as long as he says it about other people.

Protocols of the Elders of Zion

From WOMEN'S VOICE, 537 S. Dearborn St. Chicago, Illinois

Dear Editor:

Recently two copies of your journal, the latest for Feb. 28th, have been sent me by some one.

I note that you refer to the socalled "Protocols of the Elders of Zion" as tho it were an authentic work. It seems strange that you should not know that this fraud has long since been demonstrated to be a notorious forgery. If you are interested, I can tell you where you can get all the pertinent facts. There never was an organization known as "Elders of Zion" or "The Wise Men of Zion."

I am writing you on the assumption that you do not desire to perpetuate a falsehood and trust that you will make retraction and reparation for the wrong done.

Faithfully yours

TRUTH IS TRUTH TO THE END OF RECKONING

Dr. John C. Granbery
3305 West Ashby
San Antonio, Texas

Dear Sir:

I appreciate your gesture of faith in our honesty to retract or repudiate a falsehood, and can assure you that your faith is not misplaced. We seek Truth, and strive to express only that which is proven fact. We do this in the name of humanity and in accord with the teachings of Him who said "Ye shall know the truth and the truth shall make you free."

We are cognizant of the chaos, confusion and hate in the world of today. We recognize that in addition to normal causes there is an underlying cause of the world's unrest. This cause must be exposed. Anything else, any subterfuge at this point, is merely a panacea which will lead to the destruction of civilization. The events of today point to a definite program of world control. The criminal gang responsible must be named and accused. This can and should be done without malice.

Up until a very few years ago, the authenticity of the Protocols was held by the greatest minds to be an open question. Contrary to your statement that "they have been demonstrated to be a notorious forgery."

Do you refer to the pronouncement by the Cantonal Court of Berne, Switzerland, **May 14, 1935** as proof of forgery? That was and is published by the Jews, **but they suppress the verdict of November 1, 1937.** On that date "the Swiss court of appeals in Berne reversed the verdict of the lower court acquitting the defendant and assessing the entire cost of the trial against the state."

It is interesting to note that the first Berne trial was heard and the verdict of "forgery" delivered, not by a jury but by a single magistrate, Judge Meyer, a Marxist. Do you base your positive statement of forgery on the fact that Mr. Henry Ford retracted and apologized to the Jews? We too are aware of Mr. Ford's action, but the circumstances and the manner of each show policy rather than principle. He went further than the circumstances required him to go. Previously, in an interview published in the New York World, February 17, 1921, Mr. Ford stated the case tersely and convincingly: "The only statement I care to make about the Protocols is that **they fit in with what is going on.** They are sixteen years old, and they have fitted the world situation up to this time. **They fit it now."**

Mr. Ford knew the power of the "World Financiers," and bowed to that power. Mr. Coty of Paris, defied it. When he printed "The Financiers Who Control the World," in his Paris paper in 1932, **he was worth twenty million dollars;** he died a pauper.

FORD'S RETRACTION CORROBORATES PROTOCOLS

Mr. Ford is a very rich man, but the pressure came from Jews all over the world, and he was made to feel that the Jews have more money than he, hence more power. This pressure brought to bear upon Mr. Ford to make his 'confession' was in itself corroborative evidence.

It isn't lies but truths which hurt, and extreme lengths are not resorted to, to deny lies. The Protocols purport to be a plan as outlined by a group of apostate Jews for the destruction of Gentile civilization. The book in which they are embodied was published by Serge Nilus in Russia in 1905.

The well-known firm of Eyre and Spottiswode, Ltd. printers for the British Government, published a pamphlet under the title of "The Jewish Peril—Protocols of the Learned Elders of Zion." In the preface of this pamphlet it is explained that the Protocols referred to were translated from Nilus' book and they say: "A copy of the original may be seen at the British Museum Library, under No. 3926-d-17, stamped British Museum, 10th August, 1906."

A specific reference to the Protocols is to be found in the French weekly magazine La Vieille, France, No. 160, published in February, 1920. With a quotation from the Zionist Protocols, as published by Nilus, the article asserts: **"Bolshevism is nothing but a phase of Judaism,"** and also states that the Jewish Bolshevist leaders in Russia were subsidized by Jewish banking houses in the United States and Germany.

All copies of the Protocols that were known to exist in Russia were destroyed in the Kerensky regime, and under his successors the possession of a copy by anyone in Russia was sufficient to insure the owner of being shot on sight.

SUPPRESSION PROVES TRUTH OF PROTOCOLS

This fact in itself, as in the cases of Mr. Ford and Mr. Coty, is sufficient proof of the genuineness of the Protocols. The use of the word 'forgery' in reference to the Protocols has long seemed to me an anachronism. 'Forgery,' according to the dictionary, is 'that which is made in imitation,' etc. One synonym is 'counterfeit'. Thus there cannot be a forgery unless there is a genuine.

What does it matter whether Nilus copied from the book "Dialogues aux Enfers entre Machiavel et Montesquieu" by Maurice Joly or from the same source whence Joly derived his ideas? Mrs. Nesta Webster in her book "Secret Societies and the Subversive Movements," shows that there are many parallels to the Protols from the writings of the Illuminati and Mirabeau's Prophet de Revolution" of 1789 onwards. It is worthy of notice that two of these parallels are the works of the Catholic and Royalist Des Mousseaux, and the anarchist Bakunin, between whom it is impossible to imagine any connection.

According to Mrs. Webster, "from the moment the Protocls were published, the Jews and their friends had recourse to every tortuous method of defense, brought pressure to bear on publishers, appealed to the Home Secretary to order their suppression, concocted one clinching refutation after another—we were assured half a dozen times that the Protocols had been completely and finally refuted."

TRUTH NEVER REFUTED

We may then conclude with the English historian Webster: "The truth is, then, that the Protocols have never been disproved and that the futility of the so-called refutations which have been published, as well as the fact of their temporary suppression, have done more to convince the public of their authenticity than all the anti-semitic writings on the subject."

The one irrefutable answer is in Mr. Ford's statement: **"They fit the world situation now."** It is the internal evidence which counts. The facts stare at us from every newspaper. To use the Lincoln simile, "if one beholds timbers cut to certain measurements the proper size and pieces for a house can one deny that a building is intended?"

The history of the world, especially for the last fifthy years, has followed exactly the lines laid down in the Protocols.

I can understand your refusal to acknowledge such a vicious plan. Five years ago I myself could not read the Protocols. **They are indeed offensive to anyone imbued with Christ's principles.** Not until I talked with Henry Klein, an Orthodox Jew, would I admit the authenticity of the Protocols. As Mr. Klein points out, the only obscenity in the Protocols is in the vileness of the men who wrote them. Mr. Klein, in "The Sanhedrin Produced World Destruction" writes: **"A knowledge of the Protocols is important because they outline a detailed plan for the destruction of the Christian world and and for its conquest and control by a handful of Jews known as the Sanhedrin."**

He also refutes your statement: "there never was an organization known as 'Elders or Zion' or 'The Wise Men of Zion' " in a pamphlet 'The United States of the U. N. O.' Quote: "The Learned Elders of Zion are a self-appointed group of Jews known as Sanhedrin who claim to rule other Jews and who aim to rule the world.

Mr. Klein further states that **"Bernard Baruch is head of the Sanhedrin".** This lengthy reply has been written on the assumption that you are a sincere American, interested in world affairs, especially as they affect the government of our country.

Today no honest individual can ignore the one really important question in the world, and that is the fight against the Revolution and above all, the revolutionary idea.

If you will study the Protocols and the Communist platform, you will, if you have an open mind, find that they are one and the same. **Communism is the front for Judaism.**

This fact is recognized by learned Jews, other than Mr. Klein. Judge Schapiro of New York, in his booklet "America's Great Menace" says: "The time has come when patriotic Jews of America should feel the great responsibility for the evil deed (communism) hatched and planned in the camp of Israel."

In the light of the evidence you can understand that refutation of the authenticity of the Protocols would be a Judas act. **The Protocols are being fulfilled today in connection with the Communistic plans for world dominion.** They are the key to the whole situation. If Americans are to save themselves and the helpless peoples of all ocuntries from absolute enslavement, they must face reality and substitute for the fair face of Communism **Jew control.**

Mr. Carel and Mr. Copin Albancelli are in accord: "One formula," the latter wrote in 1909, "sums up the whole collestivist propaganda, all for the state. The people imagine that this means All for All. And they march forward intoxicated by hope, not dreaming that the state being henceforth in the hands of the Jews, "all for the state," will be **"all for the Jews."**

The cause of world unrest is in a deep laid conspiracy that uses the people to their own undoing. The blueprint for this conspiracy is in the Protocols of the Learned Elders of Zion.

With the fair hope that you are as sincere a proponent of truth as your letters would imply, I am

Sincerely yours,
LYRL CLARK VAN HYNING

N. Y. Red Parade Fizzled

"Commies" Hissed From Sidelines— "PM" Sides With Jewish-Boy Sex Murderer—G. O. P. Has Negro "GI" to Oppose Powell

NEW YORK, (Special) May 5,—Instead of the 100,000 Red paraders promised by the CIO, the Daily Worker and other leftists, a long thin parade of about 18,000 marchers showed up in New York's "May Day" parade.

In many cases the entire families of Reds—babies in perambulators to hobbling grandmothers—were in line. A few hundred "GI's" in uniform—men with decidedly foreign faces—took part, amid "boos" from the crowd. No cheers were heard; instead many Christians shouted, "shame, shame." Uniformed soldiers carrying a large American flag on which coins were tossed, were arrested on their arrival at Union Square, charged with desecrating the flag. (The red "PM" had no write-up of the parade!)

This Bolshevik daily "PM" has been trying to create sympathy for the 14-year old Jewish boy, Jack Turk, on trial for the murder of the little 3-year old Gurfein girl whom he had been "sitting up with," while the baby's parents were at a show.

Asst. "D. A." Shapiro, the man who prosecuted the 3 "Christians" Maertz, Mertig and Elmhurst, is prosecutor of the Turk boy, whom he charges with sexual misconduct toward the little girl before he strangled her to death, taped her mouth and submerged her in the bath tub.

POWELL vs. REYNOLDS

The truculent and intolerant red Negroid Congressman Adam Powell will have opposition this year in the 22nd (Harlem) district. Last year he won all the primaries. Now the Republicans have designated Grant Reynolds, the brilliant mulatto, ministerial student and ex-GI, who met Powell in "The Author Meets the Critics" over radio station "WHN," (covered in this paper a few months ago). Primaries in September, election in November.

CHRISTIANS IN "PSYCHO" WARD

Friends of Kurt Mertig and Ernest Elmhurst the Christians who were "railroaded" to prison without a jury trial on the fake charge of "unlawful assembly," are a bit uneasy over the fact that "mockies" have succeeded in having them placed in the prison's "psychopathic" ward for observation as to their sanity. They are, of course, perfectly sane and well-balanced mentally.

It is feared that an attempt will be made to defer their release and to hold them indefinitely in some mental institution. They went up Feb. 28 on a six month's sentence. Their new lawyer (Atty. Holmes) hopes to have them out on appeal shortly. They are in Riker's Island Penitentiary, the Bronx, N. Y.

$100 Millions For Jewish Aid

IRVING FRIEDMAN ASKS FOR BROOM SUPPORT

By C. LEON de ARYAN

Having called on Irving Friedman at his office on business, after attending to it, Friedman brought up the subject dearest to his heart at the moment, the $100 millions Jewish Appeal Fund for establishing of Zionism over the earth by succoring all needy Jews to that effect. Friedman is the campaign chairman for San Diego, his quota to raise is $200,000.

"Won't you give us a lift in your paper, Mr. de Aryan?" asked Irving, who is quite a frank and pleasant fellow to deal with in daily contact. "Just say a word in its favor, won't you?"

"Sorry, Mr. Friedman, but I cannot consistently do so. The Jews are enjoying already special privileges not accorded other nationalities, for example the Germans, and to give them additional support before the others have been accorded as much as the Jews receive already would be out of line and not acording to my principles in administering charity."

"What do you mean? I sent some money to a friend in Germany and he received it. The Germans are getting the same treatment as Jews do."

"You are mistaken, Mr. Friedman. Ask Don Stewart, our San Diego postmaster and he will tell you that no packages or money can be sent into Germany. But if the recipient is a Jew, then, thru the Jewish Congress, parcels and monies can be forwarded. As long as this condition exists my efforts must be directed towards equal charity to all and not to Jews above all. Such is our Christian attitude."

"But I beg to differ, Mr. de Aryan. The person I sent money to in Germany was a Gentile and he acknowledged receipt."

"Evidenty then, it was known that you are Jewish and the other person's name could also be taken for Jewish, so it went thru."

"I also sent a package, but so far have received no word, three months have elapsed."

"So you see, had he been Jewish your Congress would have delivered it, but being a German, the censor stopped it."

GOT SICK OF THEM

Mayor Harley E. Knox of San Diego who was stricken ill while in El Cortez hotel to attend the United Jewish Appeal campaign dinner, was reported to be "resting somewhat better" in his home at 4810 Logan ave. Office attaches thought the mayor may have become ill as a result of weariness.

CATHOLICS PUT FUND DRIVE OVER THE TOP

Encouraged by a report that 26 percent of the $200,000 United Jewish Appeal quota for San Diego has been raised volunteer workers intensified their efforts toward realizing pledges that will bring success to the drive.

Irving Friedman, campaign chairman, announced that $53,000 has been received at headquarters, 609 First National Bank bldg.

"Many of the contributions included in our initial progress report of $53,000 came from Catholic and Protestant donors. It is through this non-sectarian cooperation that we can go over the top in this drive," Friedman said.

Truman Asks Bar to 'Nuts', Road 'Morons'

PRESIDENT CALLS ON TRAFFIC HEADS TO HALT HIGHWAY DEATHS

WASHINGTON,—President Truman called on the nation's traffic chiefs to halt "murder" on the highway by barring "nuts and morons" from the driver's seat.

The president's appeal to curb the highway death toll—now mounting to the equivalent of three army divisions a year—was made before the opening session of the National Highway Safety conference.

Departing from his prepared text to lend straight-from-the-shoulder emphasis to his plea, Mr. Truman urged that a system of minimum state license requirements be set up for the whole nation, applicable to all motorists who drive across state borders.

He cited his own state of Missouri as an example of the lack of minimum requirements saying it was possible to buy a driving license there for a quarter at a corner drugstore.

"It is perfectly absurd," he said, "for states to permit a person to buy an automobile and to drive off no matter whether he is insane, a nut or a moron."

* * * *

TRUMAN FORGETS THE INSANE, NUTS AND MORONS IN HIS OWN ADMINISTRATION

While it is praiseworthy of President Truman to recommend steps to be taken that would make it harder for irresponsible people to kill and injure on our highways, yet, the President proved himself a victim of bloody insanity when he jubileed over the success of the Atom bombs against Hiroshima and Nagasaki. No sane man would rejoice over such mass murder, regardless of all excuses of "grim necessity". Grimness, then, would be treated as such not as something to be jubilant. Besides, the Nagasaki victims were predominantly Christians, the only large Christian community in Japan. His Jewish advisors certainly put one over.

The insanity of the Morgenthau plan for the destruction of the German people, starvation and enslavement of men, women and children for generations to come, is self-evident.

A man who succeeds to the presidency and then announuces that his dead predecessr, who was the greatest liar the world ever produced and mass murderer, remember Pear Harbor, who dared not take his country openly into the war but conspired to sneak in, that this dead man's sins would be perpetuated by betraying Poland and all of Central and Eastern Europe to the Bolsheviks, such a man is more dangerous in the driver's seat in the White House than all morons, nuts and insane on the highways. Look what the OPA, the Wagner Labor Racket Act and despoiling our treasury for Britain and Russia's benefit is doing to us, how he is destroying the business and enterprise of the average American!

Race or Religion ?

Dear Mr. de Aryan:

I meet many people, who naively insist that the Jews are a religious group only and not a race of distinct type.

Let me quote that German speaking Jew Albert Einstein on this:

"The Jews are a community bound together by the ties of **Blood** and tradition and **not of religion only.***

"The tragedy of the Jews is that they are people of a definite historical type, who lack the support of a community to keep them together. The result is a **want of solid foundations** in the individual which amounts in its extreme forms to **moral instability.**"

Thus Einstein in his book "The World as I See It", pp 166.

I think it would be superflous to insist on a more beautiful self-confession from the part of any Jew. When you analyze the character of a man and the only conclusion that you can arrive at is, that the person possesses **moral instability** is enough to state freely that he has no character whatsoever.

This lack of character is too evident when you analyze the actions of this damned race.

JANOS de MAGYAR

*Editor's Note: The part left out reads as follows: (after "religion only") "the attitude of the rest of the world towards them is sufficient proof of this. When I came to Germany fifteen years ago I discovered for the first time that I was a Jew, and I owe this discovery more to Gentiles than Jews. The tragedy" etc.

On the next page he admits that Zionism for Palestine is a "nationalistic" concept, and says, "If we did not have to live among intolerant narrow-minded and violent people. I should be the first to throw over all nationalism in favor of universal humanity."

Einstein in this book frequently refers to his people as a "race".

"Einstein, One of the Greatest Living Minds

My Good Friend Kosti:

I enjoyed that book "The World as I See It", by Einstein. Frankly I had never cared anything for him previously, as I had read nothing from his pen; and only stuff about his relativity theory. But that book opened my eyes, and while of course I do not go along with him on everything, what I read conviced me that his is one of the greatest living minds, and perhaps one of the greatest of all times.

Here are a few lines I culled from the work (it appeared in 1933-34):

"The state is made for man not man for the state." (P. 204).

"If they (the people) wish to avoid the degrading slavery of war-service, they must declare in no uncertain voice for complete disarmament. As long as armies exist, any serious quarrel will lead to war." (P. 216).

"I believe that a refusal on conscientious grounds to serve in the army when called up, if carried out by 50,000 men at the same moment, would be irresistible." (P. 218).

"The armament industry is. . . . one of the greatest dangers that beset mankind. It is the hidden evil power behind the nationalism which is rampant everywhere. . . " (P. 218).

I quote nothing from his argument against war, which is perhaps the finest I ever read anywhere. . . . .He seems to be a modest man, totally unlike the kind of Jew one would meet in Hollywood or the East side of New York.

His brief condensation of his "relativity theory" suggests a profound mathematical mind and an amazing logic rarely met with in this world.

Janos de Magyar, I think, very much misinterprets the spirit of the matter he quotes, by leaving out the context. I don't believe I'd use the word "damned" in this instance. I would never damn a whole race, people, nation or religion, even if three-fourths of each were bad.

Well, you are getting out a vivid, sparkling, inspiring paper, and I extend my warmest wishes for your INCREASING SUCCESS. Please remember me kindly to the dear boys.

Yours faithfully always, — — H.

Drunks and Psychopathics A Menace to Traffic

Inside of 10 months I had 3 automobile accidents. It all is the result of the high tension conditions the world over. Each time a veteran was involved.

The first one was last June. I was driving to meet Gladys at her hotel, she had come for a visit, when a drunk popped up in the midst of heavy traffic walking against the red light. Brakes screeched right and left, cars stopped suddenly and as fate wanted it the drunk made straight for our little Willys. I swerved and hollered, but he kept coming and walked right straight into the rear end from the side. By the time I had stopped he opened the door and plunked himself on the rear seat. Fortunately a police squad car passed. They saw what condition he was in and took him off my hands.

April 1, I reported the ex-G. I. from Kansas who drove a borrowed car without brakes and damaged my car $145 worth plus damage to my body. Police gave him a ticket, but the address he gave was phoney.

May 1, another drunk wedged his car between mine and the curb as I was making a sharp right hand turn. Only slight fender dents resulted. But the fellow was not satisfied to get my address and of my insurance company. He wanted me to say it was my fault. When I told him he was drunk he hollered for the cops. But while I phoned to police headquarters he drove off. And this was again while I was getting ready to meet Gladys who was coming down for the second visit.

For the information of our new readers. Gladys is my best girl-pupil. She turned vegetarian upon becoming acquainted with me and had a hell of a time. The sudden change took her down to skin and bones and the nerves are a wreck. I was that way too at 15 to 18 when I underwent the change. There is always the danger that high strung people lose their balance during this crisis, especially when worldly duties are pressing hard and one misses his old friends who now oppose this change.

Gladys is as game as I was. She is over the worst siege and is picking up nicely. But she sure times her visits with the drunken incidents. Which goes to show how great the need is in this world for the work of redeeming ourselves. During the transition period all negative forces are on the rampage and we have to face and correct conditions before we can have Peace and Order.

Bell Sues FBI Agents in Federal Court

LOS ANGELES,— A $165,000 damage suit brought by Arthur (The Voice) Bell against officers for alleged illegal search and seizure has been dismissed in superior court but will be tried in federal court, A. L. Wirin, Bell's Attorney, disclosed.

Bell and 11 of his associates in Mankind United, brought the suit against 40 F. B. I. agents who were accused of taking illegally records of the organization in raids Dec. 18, 1942 at Los Angeles and other California cities.

LET'S GO TO WAR AGAIN

* * * *

(Continued from last week)

It's all over and we would like to forget it. Wrong again! WE'RE READY TO GO AGAIN! Our politicians and their bosses. . . .Yes, I said "bosses," and I don't mean US, will do it Again, and Again, and Again—until we wake up and stop talking and get down to action! There are millions of American boys still trapped in China and India and Iran and all over Asia as well as all over Europe who are not coming back . . . . yet. Those who do come back are replaced by new boys just out of high school. The draft boards are still busy and the Selective Service still operating. No, it's not "all over" . . . even after we destroyed Hitler and Tojo.

We destroyed Hitler, but we did not destroy Hitlerism because we believed it was all OVER THERE! We destroyed Tojo but we did not destroy Imperialism because we believed it was all OVER THERE!

Mark my words! Next they'll tell us it's Russia and Communism. Some people are beginning to call it "Red Fascism." It is always some ISM over there, and it always has a color—brown, red, black or pink. It is Nazism, or Fascism, or Shintoism, or Communism! Don't those words sound funny? They would if our boys did not have to die for those words. Democracy is one word for which hundreds of thousands of innocent boys are in hospitals. . . . butchered, broken and insane, and for which hundreds of thousands more are buried abroad! DEMOCRACY? WHERE IS IT AND WHAT IS IT? WORDS—WORDS—WORDS AT WAR!

We blamed the Germans and the Japanese for worshipping Hitler and the Emperor. Didn't we worship Roosevelt for twelve years and still do, after he is dead. Haven't you heard people call him a second Christ, or a Messiah, or a Moses. Oh, we didn't all worship Roosevelt, or even like him? Some of us voted against him because we were Republicans. Well, Mr. and Mrs. voting is not enough. Furthermore, Knox, Stimson, Willkie and Dewey, and a lot of others, were and are Republicans. So what? They're all birds of the same feather. TAGS! We've been voting for tags. They're all the same ilk. . . ."Brothers under the skin". . . . and the horrible joke is on us, and our politicians know it. They'll hide like turtles under a shell, whether Republican or Democrat, until we begin to select and vote MEN—American Men, who are honest, courageous, competent, trained, worthy and well paid.

No, Mr., it's not all over! YES, and you, Mrs. America, you're in this too. It might have to be you who will turn the trick that will stop your boy and millions like him all over the world from dying. Perhaps Mister has lost his perspective, but it is YOU who bore that son and cared for him, and perhaps it will be you who will have to put a stop to this horrible young-man slaughter.

Now listen! What we were told we went to fight and die for was a pack of lies. Our boys were railroaded to their deaths or to that hospital where we found them and, worst of all, we helped put them there.

Our boys went to fight and die to save, protect and enlarge "AMERICAN INTERESTS" over there. Remember those two words. . . . there's dynamite behind them and also the lives of our boys.

How many times have you heard the words "Fascism and Nazism?" What do they mean? Well, this is what we were given to believe:

Fascism is a group of scheming adventurers who are swept into power by capitalizing on national financial chaos. They are always headed by a boisterous ego-maniac who promises to set everything right. He usually has a glib tongue and a dynamic personality. The leader of this cabal always champions the cause of the "common man" or the "forgotten man."

Once in power he proceeds to build a political machine. He caters to every ambitious, pushful, shady character who can influence or command large chunks of people, be it a labor union, religious sect, social class or lower economic group. While he APPEASES EACH OF THESE GROUPS SEPARATELY HE SECRETLY PLAYS ONE AGAINST THE OTHER.

This "superman" breaks every promise he made before coming into power but has a shrewd way of excusing his breaking of pledges. He is always a clever liar and when accused of a lie, he tells a bigger lie to hide the first one. He knows the value of sensation and confusion because sensation impresses the ignoramus, and confusion demoralizes the thinker.

He creates one reform after another and all "in the interest of the public," and for every reform he creates a bureau and every bureau means a few thousands more people on the federal payroll. These bureaus become laws unto themselves and because of their number they begin to compete with one another for existence and attention by fabricating rules, regulations, questionaires and all manner of printed forms until the whole thing becomes a jumble, an assinine, insipid, ridiculous mess. But they all share in one thing; their contempt for the individual citizen by regarding him as a guinea pig on which they can try out their fabulous experiments. Their contempt becomes greater when the individual citizen continues to pay taxes to pay their salaries. They realize that he is either too cowardly or too stupid to rebel, or is of the same calibre of humanity as they themselves; parasitical and rotten, and would do the same thing if he had the chance.

In three or four years this wonder-man has reached out and interfered with every aspect of national life. The Supreme Court has been overhauled, the lesser judges have become his vassals because they owe their appointments to him. The Congress is emasculated so that it has become a collection of "yes" men. Big business, usually cowardly, is silent because by now the mob is on his side, having been bribed with fake employment, or having been made government wards through federal handouts.

The middle class, caught in this whirlpool, are bewildered and have begun to discover that they have been sentenced to slow starvation. The middle class is always in the way of any dictator. (To be Continued)

One of these laws is that "GIVING does not impoverish nor does withholding enrich" the miserly type of thought that possessively attempts to cling to everything upon which it can lay its grasp—even including ability, talents, vitality, and strength—all of which must be freely and constantly given out (released) and expressed if one would not grow sluggish materialistic and animalic. Man is primarily a thinking creature, & thinking demands expression—vital, constant "**ACTION**". When such action is based upon true vision, and a properly developed concept of impartial brotherly love and service, it is joyous and invigorating . . . not debilitating nor depressing.

Some day we will learn that fatigue and failure result primarily from trying to **"GET"** something done rather than to **"LET"** Life, Truth and loving helpfulness be spontaneously and joyously expressed through us (in as unlabored a manner as a beautiful image might be "reflected" by a mirror), in the completion of the worthy activities to which we are dedicating our efforts. Such joyous "unlabored" spontaneity comes only from a ceaselessly sustained vision of the **"COMPLETED"** task. . . . . it is quickly destroyed when one attempts to count (or calculate the difficulties of taking) the intervening footsteps—or when one in a miserly, petulant, or resentful manner attempts to dole out his ability, talents, and strength in as small doses as possible.

At no time, throughout all of known recorded history, have men and women needed brotherly love, understanding and expressions of compassionate patience, to as great an extent as mankind does at this time. **The place to start expressing these qualities is toward those with whom we are thrown into daily contact,** until the habit of "unseeing" the seeming faults of those around about us takes the place of constant bickering, criticism, and petty antagonism, and we learn to discern and gratefully appreciate the truly fine qualtities which we can help to bring to the surface in our contact with literally everyone with whom we may associate.

There is always a lot more of good—of that which is truly admirable—in literally every one we meet, than there is of evil, imperfection or such qualities as so many people seem to think constitutes their life work to point out

and constantly criticise.

When Gratitude and Love take the place of criticism and ego, we will find that we already live in a world peopled by God's perfect, loving and lovable children. . . . that the Brotherhood of Man is possible of attainment, and that the kingdom of heaven has always been at hand.

RAVISHING THE WOMEN OF CONQUERED EUROPE

The Three Liberators at Work Having a Wonderful Time Raping and Debauching the Women of Germany, Austria, and Hungary, 'Re-educating' Them to Become Good Christians!

By AUSTIN J. APP, Ph. D. *
316 San Pedro Avenue, San Antonio 1, Texas

Once, long ago, a girl told me how a girl friend of hers had been taken in a car by four men, outraged, and left to stagger home. The story so sickened me that I still remember it with wrath and pain. I believe my reaction was typical of Americans of pre-Unconditional Surrender days. Even American gangsters were not so foul as to stand by silent or leering while a woman was outraged.

Yet, now, in the last year, our Russian allies have raped hundreds of thousands of girls, and mothers, and even grandmothers in Central Europe, and all our government and our press keep saying is, "Lets try to understand the Russians."

Then suddenly, when Russia reaches out towards Iran oil, they cry, "Let's get tough with Russia". They let a million Christian women be raped in silence, and then are ready to shoot over some Asiatic oil! What depravity of values!

I don't want any shooting posses to stop the raping of German, Austrian, and Hungarian women. Christ never shot anybody. But he stood up to scoundrels and called them hypocrites and whited sepulchers! True Christianity does not shoot for right, but it stands up for it bravely, even dangerously—everywhere and all the time!

I want Christians to protest so loud and long against the brutalizing of the conquered women of Europe that it will thunder around the world, even into Russian hamlets. On that question, all the world, even decent Russians, will be with us—and these outrages will soon stop. When one is **completely** right, one does not need to fight. It is only when one "gets tough" where one is half wrong that one gets into wars.

These are the sentiments with which I offer this pamphlet to you.

The foulest atrocity occupation troops can commit is rape: Sad to say, it is an allied atrocity, not a German one.

Our fellow-re-educators of Germany, our Russian allies, entered Danzig, March 24, 1945. A 50-year-old Danzig teacher reports that the following day her niece, 15, was raped seven times, her other niece, 22, fifteen times. A Russian officer told the women to seek safety in the Cathedral. After they were securely in, our brothers-in-arms entered and, playing the organ and ringing the bells, kept up a foul orgy through the night, raping all the women, some more than thirty times. (See Nord-Amerika, Dec. 6, 1945, p. 1.) Surely that's a wonderful time—for the fellows helping us try the Germans at Nuerenberg!

Dr. O., a Catholic pastor of Danzig, declares, **"They violated even eight-year-old girls and shot boys who tried to shield their mothers."****

THE RUSSIANS PRACTICE UNCONDITIONAL SURRENDER LITERALLY

A Russian general said to Lieut. General Ira Eaker, commander of the Mediterranean Allied air forces, "We've decided just to kill all the German men, take 17,000,000 German women and that will solve it" (San Antonio Light, June 14, 1945).

And these beloved fellow-liberators of ours are doing very well indeed. **They know why one wants Unconditional Surrender and why Americans cried for a "harsh" peace against the Germans, and they understand the spirit of the Morgenthau Plan;** IN VIENNA ALONE THEY RAPED 100,000 WOMEN, NOT ONCE BUT MANY TIMES, INCLUDING GIRLS NOT YET IN THEIR TEENS, AND AGED WOMEN! So reported the Most Rev. Bernard Griffin, British Archbishop (now cardinal) after a more or less official tour to study conditions in Europe (NC Report, Oct. 18, 1945).

A Lutheran pastor, in a letter of Aug. 7, 1945, to the Bishop of Chichester, England, describes how a fellow pastor's **"two daughters and grandchild (ten years of age) suffered from gonorrhea, result of rape"** and how "His mother, eighty-three years of age, died of consequences of rape," and how **"Mrs. N. was killed when she resisted an attempt to rape her,"** while her daughter was "raped and deported, allegedly to Omsk Siberia, for indoctrination" (See Tablet, Oct. 27, 1945). Indeed, the re-educators of Germany are having a wonderful time! And the Morganthau Planners and the "harsh" peace boys are leering with joy! (To be continued)

**Italics throughout the Pamphlet are my own.—App.

The State Department has brought such pressure to bear on Tyler Kent that as of this date, he is afraid to tell what he knows. His advisors are divided over whether he should risk prison or remain silent. The Internationalists and the conspirators in the State Department are hoping and praying that young Kent can be so completely intimidated that he will never open his mouth. Some pessimists believe that that has already been accomplished.

Grieco's "M. U." Experiences

SAYS HE WAS "DUMB CLUCK"

Route 1, Box 100, Ramona, Calif. May 7, 1946
Dear Kosti:

Your views on the ruling group of 'Mankind United' are somewhat provoking. You have likened Bell to a doer of Christ's works. I don't know Bell but I do know that he did make some pretty rash promises in 1940-1941 that didn't sound OR PROVE to be very Christian.

I became a member then—in 1941 by purchasing one of their handbooks which sold me on the whole scheme hook, line and sinker to the extent that although I was practically broke I dished out some seventy-odd dollars to hold onto 15 more books for a certain occasion that was promised to be released by a special secret radio device announcing to the people and the United States the Great Plan of the organization when people of my neighborhood would in turn come to me and purchase the books from me and that way I was supposed to be contributing my efforts and service to the great cause.

Only a dumb cluck could take their line and fall for it and I was one but not enough of an one to fall for their later promises not one of which was ever kept to my knowledge.

I attended a mass meeting at the Shrine auditorium in 1941 and did hear the 'speaker' wield his silvery slippery tongue for hours but when he postponed the release of the great news until the coming January at 'The Latest' that seemed outlandish and then he called upon members to purchase or 'Donate' $100 for a special issue of the book to be printed in gold or something, that was asking too much. However he was pretty easy on us for we could pay for it in cash or on time but like the rest of the business world—you could receive the book only when your payments were completed. Then to follow up all of that they issued another program for the members.

A military cast system was established with captains, lieutenants and the rest. I was selected as a captain from my district not becauuse of any particular qualifications except that perhaps **I was considered likely to follow orders without thinking** for myself. I did try to carry out my work but honestly I couldn't go about from member to member to sell them a course of special secret instructions to prepare them for a very special and secret work. The price was $20 and I was to receive a commission of that, the workers under me were to receive a commission, the superiors above me, the district manager, etc. until all the money was consumed. Of course headquarters got their special split too. That was the last straw for me. What was in the $20 that made the instruction live and breathe? Why wasn't it offered to the students without cost? I wanted to help in the cause of truth without compensation and so did the other sincere members.

My experience then was one of disappointment. They had made promises from time to time to release their plan to the public—they never did. They continually called for donations, sacrifices, obligations. One of the last I remember witnessing advised us that it was up to us in America to make financial sacrifices since their members in Europe had been shut off, killed and imprisoned.

That was a lie because their membership proved to consist of a few thousand perhaps, members on the west coast mainly and a very very few scattered throuout the states and they had not been organized at all. They were accepted as mail members only for the money they were sucker enough to contribute and the organization wouldn't refuse that. We were led to believe from the managers the organization had millions of members all over the world—that was a lie.

You should read the book 'Mankind United' and get a tickle. The leaders of the movement were supposed to have been backed up by many millions of dollars—then when it was begun—before 1940 and they were supposed to have had unbelievable inventions in their archives and control that would in themselves revolutionize the lives of humankind. These were promised to be released as part of their great program. Lies—lies—lies.

I conclude in my opinion therefore that if Bell was the founder and leader of that organization then he has proven to be one of the cheapest, cleverest, conscienceless swindlers of all times. I say cheap because other crooks have built up greater fortunes from nothing. I say conscienceless because he used the words of Christ to promote his scheme. I say clever because he was able to dupe thousands of truth loving sincere people and finally because he has been able to keep the government workers baffled. But that is easily done with unlimited supplies of monies at his disposal.

Check these facts with any member circa 1940. I refer you especially to Phillip Ramus who introduced the plan to me by having me read his copy of 'Mankind United'. Oh yes, each member was asked to have at least one book in circulation. You see the wonderful words and promises in the book was the greatest member getter they had. And by the way—those who put up $75, like I did, to get 15 books in preparation for the great Release were instructed not to touch the books at any time in order to be completely ready to distribute them to those who were sent by the radio broadcast release. Of course that meant then that I had to buy another couple books for loaning purposes—at $2 a piece.

I have a few more thots for you Kosti but a man just came in wanting help so I must leave—so I'll write you again later.

Print this if you care to and you are free to use my name—I stand back of all I say.

Yours, PAOLO GRIECO.

ACTUAL BATTLE FOR INALIENABLE RIGHTS JOINED

Dear Paolo:

Thanks for writing frankly. Please, have sense enough to realize what you wrote. In the first place you admit being a dumb cluck. That being the case why should I consider you otherwise? A witness who takes the witness stand, and admits being unuable to discriminate could not possibly be a reliable witness for the prosecution of Bell.

I am making this point not to be facetous, but to focus your attention on my dilemma. I am to take your word against Bell, yet you say you are not capable of correct discrimination, hence you swallowed his line, hook and sinker. And you suppose he had you appointed captain because you are too dumb to think for yourself. Now you want me to accept your testimony against him at face value?! Why should I? Dont you see I have to be doubly suspicious of what you say now, because, again you might mis-state, with the best of intentions, not being able to discriminate.

You are not the only one who brought me the weirdest tales about Bell and his past activities. They all dovetail. So there is a lot to it. Philip Ramus is a personal friend of mine, as you are, and I have no reason to doubt his sincerity, yet Ramus in his conversations with me about "M. U." never uttered a word against Bell, though at present he is not an active member.

While I don't deny you the privilege of reporting your experience in our columns, yet, what do you expect me to do NOW? Look at my angle.

Bell and his organization, various members of it, are involved in an appeal from a conviction on sedition. That fully stamps them as loyal followers of the Christ who dared stand FOR the Prince of Peace when practically all churches and organizations betrayed our Lord and joined the Jewish mob to crucify Peace on Earth. Does this test not speak louder than words?

Then Bell is carrying on a federal suit to make the FBI responsible agents who must be held liable for damages when they break into private homes and rob peaceful citizens of their papers and belongings. Do you expect me to support him or the lawless FBI Gestapo?

Besides, Bell is being persecuted by the Communist fellow traveler Robert Kenny, candidate for California Governor, who uses this means to get Jewish support, as the incumbent Governor Warren did when that scoundrel railroaded Joan McBride and the other two innocent girls to jail as well as Noble, Jones and others, to get Jewish support. This persecution is in direct violation of the First Amendment to the U. S. Constitution. Shall I join hands with these crooks, like Kenny who abuses his office for campaign ballyhoo? You attack Bell as a swindler, yet Kenny joins in with the Townsend Plan which is one of the greatest swindles to catch the oldster's vote and support.

Bell has many simple souls in his "Church" who fervently believe in his integrity and who accepted him in the name of the Christ. Don't you know that where two or three come together in the Master's name, there the Lord is among them and they shall receive according to their faith? Since these people are doing that very thing, do you expect me to desert them and join in with Kenny to destroy their organization to which they are giving their lives and possessions?

Regardless of the weird, tortous and snaking path Bell took to arrive at his present point of vantage, in THE BROOM of May 13, he "released" the greatest piece of "news" which is worth more than all the wealth of the planet, if you can understand what he says:

> **Mr. de Aryan thinks of an "owner working on his own property" as the evidence of a man having attained his earthly goal . . . and in that respect he is right. However, the "Children of Christ's Church of The Golden Rule" have a much higher goal than that. They know that no man can OWN anything. Man brings nothing into this world, nor can he take anything away with him when he leaves. Therefore, they work as those FREED FROM THE BONDAGE OF OWNERSHIP, which is a far happier state of thought than " as owners".**

In these words, my dear Paolo Grieco, "freed from the bondage of ownership" lies the secret of Christ's Church of the Golden Rule and its success. As long as no Ananias joins and disrupts it they are bound to win and prove its worth. On that very principle that I have conducted THE BROOM for 16 years, boycotted by Labor racketeers, Jews, Communists, and the whole political church hierarchy of the world, speaking up freely and frankly, without fear or favor, never having more than the cost of the next edition, yet appearing like clockwork the year round.

I am certain, Paolo, if you'd stop being a dumb cluck you would get more than your money's worth out of Bell's "releases". He did not make it by radio. He sent it in mimeographed form. I happened to run across one and broadcast it so that even you can learn the secret of material success in life. Accept all your material goods **in trust for God,** and you shall never want but prove your divine sonship, your birthright here, now, in this flesh. Lovingly, KOSTI.

Carl H. Mote, who served as the Chairman of the First Convention of the America First Party, died April 29, at 10 a. m. The funeral oration was delivered by Gerald L. K. Smith Wednesday, May 1.

James Hervey Johnson Opposes Re-election of Thomas Whelan For District Attorney

San Diegans are being regaled in this campaign with some very weird stuff. James Hervey Johnson, former county assessor, is spending money and labor to get even with the incumbent District Attorney Thomas Whelan. Old timers remember that THE BROOM and James Hervey Johnson, as county assessor, made their appearance simultaneously 16 years ago. Johnson was sober while the then incumbent assessor was chronically drunk and obligingly ran into a water hydrant on the night a few days before election. We publicized the episode and Johnson was elected county assessor in spite of the support the daily press gave Multon.

But Johnson turned out a little pin-head tyrant who started lording it over his county office employees, at that time not under civil service. He literarily robbed them by forcing them to pay tribute to him for his political expenses. THE BROOM exposed this malfeasance in office. Johnson started a publication of his own, THE SPOTLIGHT and published a scurrilous piece, BIOGRAPHY OF THE BROOM, in which he wound up attacking Mrs. de Aryan and our children, as part of the smear. District Attorney Whelan prosecuted him for criminal libel, convicted him, the first and only conviction of this kind in the annals of San Diego county of record. And thereafter brought suit against Johnson for misfeasance in office. Convicted him and had him removed.

Now to get even Johnson is using his gang of followers to spread more smear rumors against Whelan. To appreciate the filthy and unscrupulous character of the man one must know that "Scurvy" Johnson, as he is being dubbed, was opposed to the NRA. But when THE BROOM refused to carry the Blue Eagle and accept FDR's illegal dictatorship, after the daily press had betrayed the Freedom guaranteed under the First Amendment by signing up, Scurvy got his gang to call up all our advertisers and threatened them with boycott, as FDR had requested, because THE BROOM opposed the NRA and refused to sign up with FDR, the Chief Racketeer of the NRA, National Racketeer Association.

Primaries June 4

J. C. Hayes, Candidate for Supervisor 4th District

(Political Statement)

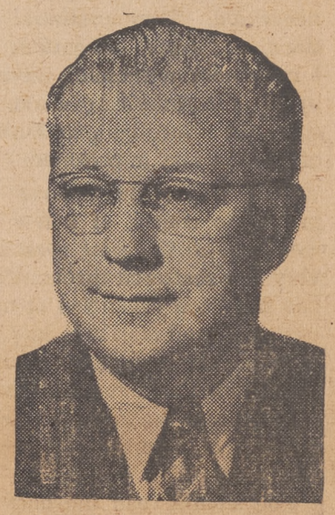
A campaign against dirt is being waged by J. C. (Jack) Hayes, candidate for Supervisor from the Fourth District, at the primary on June 4.

"The dirt is of several kinds," Hayes said. "Some is evil-smelling dirt in slum areas which will be cleaned out if I am elected, and some is political dirt, which smells just as bad and needs the cleaner just as much.

"The people in the Fourth District are 'forgotten families.' Ramshackle buildings unfit for human habitation are populated by families of San Diego citizens. The Supervisors can clean out these slums and substitute clean homes and clean streets for them and give the children of the neighborhoods a decent chance by the establishment of adequate recreation and vocational centers.

"The other dirt, not so apparent to the eye, but plain enough to the nose, is the double-dealing by which the incumbent has voted for extensive improvements in other parts of the county, and for fine roads, but has let his constituents in the Fourth District down—and down hard.

"Why perpetuate in office a man who has done nothing for the people who have placed him there? A little soap and water via the ballot box will clean up the mess and give the residents of the Fourth District some real, honest representation.



"I am for good roads, too, but I think representation, like charity begins at home. Rout Rossi is my theme song. You can sing the chorus after primary day on June 4 in the knowledge that if I am elected the Fourth District folks will get some recognition."

Re-elect

THOMAS WHELAN

DISTRICT ATTORNEY

The only candidate who has ever prosecuted or defended a criminal before a jury.

The only candidate who has had any experience in court on matters affecting the County or in advising County officials on legal matters.

THERE IS NO SUBSTITUTE FOR EXPERIENCE

One of Mr. Whelan's opponents, who has never practiced law a day in his life seems concerned with the problem of the returning veterans and bases his candidacy for District Attorney upon the fact that he is a veteran of World War II. The other who began practice of law in San Diego in 1944 is likewise concerned.

In the office of the District Attorney as appointees of Thomas Whelan, there are veterans of World War I, namely:

Carrol H. Smith, Chief Trial Deputy in the Civil Department
Harold P. Curtis, Chief Deputy and Past State Commander of the Purple Heart of California
A. D. Orme, Deputy District Attorney
Eugene R. Dukette, Deputy District Attorney
Harry M. Baugh, Chief Investigator
Michael H. Gleason, Investigator

Returned veterans of World War II who are now serving under Whelan are:

J. B. McLees, Jr., who retired as Lt. Commander, U. S. N. R.
Richard L. Vaughn, who retired as Lt. Commander, U. S. N. R.
Robert J. Klitgaard, who retired as Major, U. S. M. C. R.
Patrick T. Dooley, who was called back into service and retired as a Chief Petty Officer, U. S. N. R.

Then there is Roland F. deFere who entered the Army as a private at the outbreak of the war and served through the North African, Sicily, Italy and France engagements and who recently retired as a Captain in the United States army.

To return to service in the District Attorney's office in August of this year are:

Major Robert "Bob" Higley, a veteran of World War I and also World War II, who will retire with the rank of Major in the Marine Corps, and

Colonel Seymour W. Wurfel who saw service in the African campaign in the U. S. Army and who, after being incapacitated in the North African campaign was returned to the United States; at present time stationed in Washington, D. C., attached to the office of the Attorney General of the United States handling military affairs.

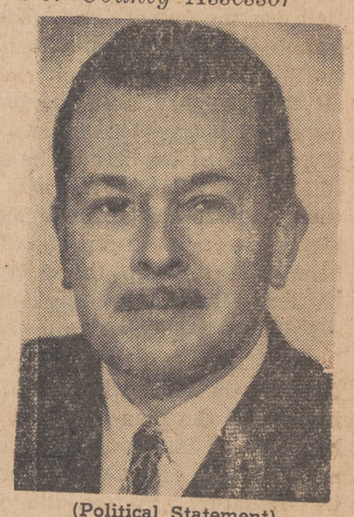
Harry E. Bing, Candidate For County Assessor



(Political Statement)

Radical reforms which will help lighten the burden on the small taxpayer and will attract new industries to San Diego, thus providing more jobs, are pledged by Harry E. Bing, candidate for the non-partisan office of County Assessor.

"It is time for a change in old methods and old foggy ideas," Bing said. "We hear a lot in this campaign about experience. Experience is fine if it results in progressive ideas and keeping abrest of the times. But if experience means just some more of the same antiquated methods of assessing property for taxpurposes, which have led nowhere but in paying more and more for the last 10 years, then it is a liability, not an asset.

"New blood is needed in the County Assessor's office. Unless prompt measures are taken to attract new industries and keep the ones which already are established in San Diego County, many firms are going to leave this high tax area for other labor centers. That means unemployment will be increased instead of decreased.

"A look at the record will explode the myth that a man should be retained in office just because he has held it for 10 years or so. Results are what count. A new system must be instituted to clarify tax statements to the people who pay levies on property and have business which must figure tax rates as a heavy part of their overhead expenses.

"No manufacturer is going to establish a plant in San Diego, thus opening the way for new jobs, if the taxes are prohibitive.

"The workingman and the unemployed are directly affected by the policies of the County Assessor. If the old system is to continue for another four years, there will be no new jobs or industries here and we may lose a lot of the established ones.

"My plan is designed to attract new industry to this county. The addition of new capital and industry here will tend to reduce the present property assessment rate to a more equitable one. The home-owner and small businessman already are taxed too high for his comfort.

"I am pledged to issue itemized statements on assessments to all taxpayers, thus eliminating the confusion which exists in attempting to analyze tax statements. This would prevent inequities and remedy existing over assessments."

Bing has been a resident of San Diego County for 36 years and has been in business here for many years. He views the problems of taxation from the standpoint of the small businessman and the home-owner. He has the support of many members of business and civic groups with which he is identified. His name will be found on the non-partisan ballot at the primary on June 4.

Russell S. Stowell for Assembly, 78th District

(Political Statement)

Stressing the need for competent business men to help the state solve its vexing post-war problems, Russell S. Stowell, business man and civic leader, yesterday announced his candidacy for assemblyman from the 78th district. He is running on both the Republican and Democratic tickets, although he is a member of the former party.

"California has mushroomed during the war years into what can be termed big [illegible]ess, and this calls for men [illegible] business background on its board of directors, which the legislature really is," Stowell said. "I am a candidate because I feel that my business and civic background may be of value in tackling the State's post-war problems."

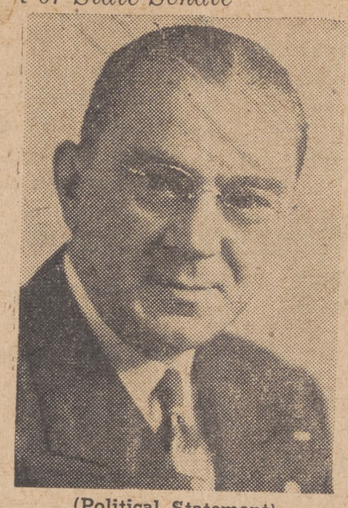
A resident here since 1908, Stowell has been a leader and is a past president, of both the Executive Assn. and the San Diego Kiwanis club. He served on the board of the Chamber of Commerce for more than five years, and served as vice-president in 1944. He has taken an active part in his own industry, and has been secretary-treasurer of the San Diego Truck & Warehouse Assn. since 1933.

In sports circles, Stowell is vice president of the San Diego Bowling Assn. He also is a director of the San Diego Convention & Tour bureau, and is district chairman of the national Federation of Small Business.

He is married, lives at 1855 Alta Mira Place, and has a daughter, two grand-children, and a son-in-law veteran in the Pacific.

Stowell's platform includes "every possible assistance to returning veterans with a minimum of red tape"; simplification of the tax structure, with the resultant reduction in the number as well as the amount of taxes; ardent support of a comprehensive highway program; support of the right of private enterprise, adequate compensation for teachers, development of state parks, and return to the tax rolls of those areas unlikely to be improved.

Fred H. Kraft, Candidate For State Senate



(Political Statement)

After serving the 78th district in the California legislature for two terms, Fred H. Kraft yesterday announced his candidacy for the state senate from this district. Kraft is seeking the senate seat being vacated by Ed Fletcher, who is not a candidate for re-election.

"I am asking the voters of this county for a promotion to the upper house, because I honestly feel that I have discharged my obligations during my two terms in the assembly in the best interest of people as a whole, not just a favored few. My record, I believe, speaks for itself. I have tried to vote according to the courage of my own convictions, without being controlled by any pressure groups.

"In my two terms in Sacramento, I have made it a standard practice to consult with my constituents on all measures. Have carried out all the requests of the City Councils and Board of Supervisors. I do not believe in introducing a flock of bills to establish a record, but rather I prefer to devote my time to measures I consider important. This enables me to devote the rest of my time to committee work, and to a thorough study of pending legislation. These two practices I intend to continue, if elected as senator of the 40th district.

"I have several very strong convictions about the present troublesome times. I am a staunch believer in the American system of free enterprise, and it is my opinion that subversive forces are now endangering that best of all systems which gives the greatest opportunity to the greatest number. As a member of the Un-American Activities Committee, or better known as California Little Dies committee, I know this to be a fact.

"It is further my conviction that the time has arrived when the people want a good, intelligent and intellectually-honest government. They want less and not more of governmental interference, dictation and control of their daily lives.

"Regarding labor, I believe firmly in the rights of the workingman to organize. Labor unions are as much a necessary adjunct to the American way as is the local Chamber of Commerce. I believe in the rights of the non-union workers and the rights of employers, But, when labor and management organize, they should both be subjected to the same laws, or rules of the game. These laws, of course, are enacted to protect the forgotten majority, The General Public.

"As a member of the military and veterans affairs committee my record will prove that I believe firmly that the veterans should receive every consideration. I also believe in the reasonable and respectable care of our elder citizens."

Kraft is a veteran of World War I and has lived in San Diego since he was discharged in 1920 from the Navy. He has operated a successful business in Ocean Beach for 25 years. Active in civic, fraternal and veterans affairs, he is past president of many community and trade organizations. He is married had two children and two grand children. A business man in training, Kraft was first elected in 1942 after a whirlwind campaign of a few weeks, having been drafted to run for the assembly. He was overwhelmingly re-elected at the primaries two years ago. Kraft served with distinction on numerous key committees of the Assembly.
